Dear Aarna of Year 6 Respect,

I see a **VIRTUE** in you!
Respect

I wanted to express my appreciation for your consistent and heartwarming habit of greeting our teachers with a warm and friendly smile. Your gesture doesn't go unnoticed, and it's a testament to your genuine kindness and respect for the educators in our school community.

Dear Margaux of Year 7 Respect,

I see a **VIRTUE** in you!
Kindness

Every morning, you would go the extra mile to check on your schoolmates from your Schoolber and take the initiative to help the teachers on duty to ensure the younger students alight the vehicle safely. I really appreciate your helpfulness and kindness!

▶ THE VIRTUES PROJECT™

The Virtues Project™ Is recognised internationally for excellence in supporting the development of personal and social skills leading to good character. At Invictus International Programme, The Virtues Project serves as the foundation for all we do - nurturing the children's character and our relationships, enabling a positive, peaceful and co-operative learning environment for all.

The Virtues Project is based on the beliefs and virtues valued by diverse cultures and world religions. Its mission is to provide empowering strategies that inspire the practice of virtues in everyday life. The virtues are the building blocks of character.

At **Invictus International Programme**, as well as implementing the Five Strategies of the Virtue Project, we focus on a 'virtue of the week/month' so that children gain a deep understanding of what each virtue means and how they can practice virtues in their daily lives.

In Invictus Schools, the Virtues Project Programme (VPP) is part of the Core Curriculum. Different Invictus schools carry out VPP differently but the objectives and goals of the VPP are common. Through the VPP, students develop their personal and social skills which will lead them to good character formation. Through the model of 'Taught, Caught and Practice', students will understand the virtues and put into practice the virtues taught throughout their school life and beyond. The duration of the 'Taught' component ranges from 40 – 60 minutes per week.

For example, in Invictus @ Centrium, the Virtues Language, an essence of the Virtues Project, remains a key strategy to nurture virtues among the school community. Apart from virtues lessons, 'I See a Virtue in You', being a key initiative, creates the platform for the school community to use the Virtues language.
